BUILDING PROJECTS.**A New Hotel and Two Business Blocks to be Erected.****The Unjust Commissioners - The Academy Entertainment - Railroad News, Etc.****An Act of Injustice.**

It comes to light that while the county commissioners have made an appropriation for watering the plaza park, they have failed to do so for the two parks on the east side. Why this difference? Has one side of this city any more claim upon the county officials than the other? Many persons in the old town complain of a sectional feeling between the two parts of the city. Certainly such conduct as this, is calculated to promote this state of feeling, and is largely responsible for it. Lincoln park, in the southern part of the east side, has been a beautiful place—a constant exhortation to the people to beautify their private residences. It has increased the value of the property in all its neighborhood, thus adding to the wealth of the city and the income of the county. Now, for lack of appropriation, the water has been cut off, the trees and grass are dying, and the whole place bids fair to return to desolation and barrenness. This error should at once be rectified, or the taxpayers of the east side will demand the reason why.

An Evening's Enjoyment.

The entertainment given last evening by the primary department of the Academy, was quite an enjoyable affair, alike to the audience and to the performers. The little ones, girls as well as boys, were thoroughly self possessed and well drilled in their respective parts. The programme, by its judicious selection, reflected credit upon the teachers, and the thoroughness of the drill showed their patient devotion to their task. The recitations, solos, choruses, and the pantomime were all excellent; and to particularize these deserving special mention, would be simply to reprint the programme. By the way, the programme was printed by Arto and Frank Sloan, and while rather a curious specimen of art, speaks well for the pluck and intention of the young types. The Academy is an institution of which our city is justly proud, and one which assists very largely in making Las Vegas the educational center of the territory.

Peace at Last.

The directors of the Plaza Hotel company, yesterday had an amicable meeting. Old grievances were harmonized, and new measures originated for the good of the city. Chas. Blanchard and Jefferson Reynolds were appointed a committee to negotiate with Mr. Ramsey of the Palace hotel, Santa Fe, and they left this morning for that city in the discharge of their commission. There is no interest of more vital importance to the welfare of our city than the running of a hotel at the Plaza, which shall be first-class in every particular. The building is there, the furniture is there. It remains only for the board of directors to see that the man is there also. If they have such a man at present, keep him; if such a man is not in New Mexico, bring him out from the east.

A New Hotel.

The railroad company has about definitely decided to build a fine large hotel on the site now occupied by the freight depot. The intention is to make the number of rooms sufficiently great to accommodate the transient business. At first it was intended only to make additions to the present hotel but it is now deemed best to erect a new structure. The plans for the new hotel have not yet arrived, but it will be modern and of ample dimensions.

Building Projects.

F. O. Kihlberg is preparing to put up a business block on the lot west of THE GAZETTE office on Bridge street. Architect Woods is making plans for a business building which Dr. Russell Bayly contemplates erecting on his Sixth street property.

The builders are all kept busy and say that there will be plenty of work for them all this summer.

Localities.

H. C. Monsimer is building an addition to his store on South Pacific street. The Pueblo gymnasium man declines to come to Las Vegas with a guarantee. This puts a quietus on the gymnasium movement.

Twelve society young men of our city have formed themselves into a band. They may be expected soon to appear upon our streets at night, serenading their lady-loyes.

Goodall & Ozane, Railroad avenue druggists, have dissolved partnership. Mr. Goodall purchasing the interest of Mr. Ozane. The latter purposes making his home in Wichita, Kansas.

The Taylor outfit left yesterday for Fort Sumner, carrying large quantities of lumber and other material for the erection of tanks which Mr. Taylor proposes to put upon different parts of his ranch.

The telegraphic rate between offices in Texas and those in Dakota, Wyoming, Colorado, New Mexico, Utah, Montana, Arizona, Nebraska, California, Oregon and Washington, have been reduced from 75 and 50 to 50 and 3, equal to 33 1/3 per cent.

Philip Nelson and Miss Katie Hilgers marry this evening at 8 o'clock at the Jesuit college. Mr. Nelson has handsomely furnished his residence on Douglas avenue, and has nothing to do but bring his bride to one of the most comfortable homes in our city.

J. J. Fitzgerald was this morning fixing up a box of New Mexico curiosities to send to the university of Michigan. Instead of sending Indian relics, Navajo blankets, and the like, he very properly selected samples of ore, corn, potatoes, oats, amole, and native grasses. These will show what New Mexico is, not what she has been.

The Las Vegas Brick company, M. S. Hart, general manager, put their first kiln of brick upon the market today. This is an important enterprise for our city, destined to develop into large proportions. A GAZETTE reporter yesterday looked over the yard and found everything in excellent order, with arrangements made for engaging in the business somewhat extensively.

To-Day's Weather.

Clear and bright.
Temperature: 7.00 p. m., 58°; 12 m., 70°; 3 p. m., 79°.

Railroad Matters.

Jack O'Malley has been promoted to the position of conductor on the run to Raton.

Train last night was in two large sections and heavily loaded with passengers.

F. J. Gillett, switchman at Albuquerque yesterday had his hand seriously injured while in the discharge of duty.

The train from the south was only thirty minutes late this morning, and was one filled with passengers.

J. W. Giebel, steward at the hospital, was in the city today. He reports thirteen patients confined at present in that institution.

An extra express train will come in from the east tonight containing the baggage of the excursion party that passed south the other day.

The number of persons taking meals from the east bound trains is usually about double the telegraphed number, while on the west bound trains they fall considerably below.

A Raymond & Whitcomb excursion consisting of one baggage and five Pullmans, carrying ninety people, will reach our city about 1 o'clock on Friday. They will go at once to the Springs and start south the same night.

The carload lots yesterday were: one of machines for the Singer Manufacturing company; two of pipes for the water works company; one of hay for Browne & Manzanares; one of soap for Gross, Blackwell & Co., and one of cattle for John Garth.

All persons are notified that if they have business in the train dispatcher's office they must transact it as speedily and quietly as possible, that all employees of the railroad spend their leisure elsewhere, and nobody but an employee will be permitted behind the counters.

Another Outrage.

Last Saturday when the Wells-Fargo stage was about twenty miles from Silver City on its way to Georgetown, it was set upon by two men, and required to halt. The command not being complied with as quickly as was desired, four shots were fired into the driver, causing his death. Two passengers were upon the inside, and Joe Seifred and a colored man were outside with the driver. After the death of the driver no resistance was offered; but the passengers were relieved of all money and valuables, while the express company supplied \$1,000 to the robbers. As yet no clue has been discovered to the identity of the robbers.
